Education

MSC GEOPHYSICS | WESTERN UNIVERSITY | AUGUST 2026
BSC GEOLOGY| UNIVERSITY OF CALGARY | APRIL 2025

Work Experience

UNA PIZZA + WINE
SUPERVISOR | *SEPTEMBER 2026 – PRESENT*

- Involved in operations of the restaurant such as managing employees, coordinating schedules, completing end of day accounting, and reporting daily performance

WESTERN UNIVERSITY
PROJECT TEAM MEMBER (GRADUATE STUDENT) | AUGUST 2025 – AUGUST 2026

- Assisted in the analysis of seismic data for the Metro Vancouver Seismic Microzonation project
- Supported data processing and inversion efforts by selecting appropriate datasets and comparing them to existing nearby velocity models

ARC RESOURCES LTD.
GEOLOGY SUMMER STUDENT | APRIL 2024 – AUGUST 2024

- Picked formation tops in *GeoScout* to support the development of the team's regional stratigraphy model, ensuring new data aligned with existing contour maps and identifying any inconsistencies to maintain accuracy
- Tested and refined a new method for calculating regional porosity in the Software *Petrel* recording areas of strength and limitation and providing detailed suggestions for improvement of the method based on observed accuracy

OEB BREAKFAST COMPANY
SUPERVISOR | SEPTEMBER 2024 – AUGUST 2025
SERVER | JANUARY 2023 – APRIL 2024
SUPPORT | JUNE 2022 – DECEMBER 2022

- Provided attentive, personalized service by anticipating guest needs and creating a welcoming environment
- Supported front-of-house operations by running food, resetting tables, managing reservations, and helping guests

TRIPLE MEG SOCCER
COACH | JUNE 2020 – AUGUST 2021

- Responsible for working on teamwork and technical soccer skills with children.
- Tasked with planning and setting up drills

THE CALGARY FIDDLERS
GROUP MEMBER | SEPTEMBER 2018- AUGUST 2021

- The Calgary Fiddlers are a group of violinists that work to preserve many different styles of fiddling
- Being a member involved weekly rehearsals and many opportunities for community engagement

Skills

- **Technical:** Experience using Python, MATLAB, ArcGIS, GeoScout, Petrel, Geopsy, SIPwin, PulseEkko, and IP2WIN Softwares. Technical Geophysical field experience including gravity, magnetic, electrical and seismic surveying.
- **Leadership & Communication:** Supervision, public speaking

Volunteer

WESTERN WATERAID
CONTENT CREATOR | SEPTEMBER 2025 – APRIL 2026

- Contributed to a student-led initiative dedicated to public education on global water issues and environmental sustainability

INSPIRING DIVERSITY IN STEM
PANELIST | SEPTEMBER 2025

- Contributed to a student-led initiative dedicated to public education on global water issues and environmental sustainability
- Served as a mentor for underrepresented groups and answering technical and career questions to encourage participation in STEM graduate studies

Awards

ROBERT HODDER AWARD IN GEOSCIENCE | DECEMBER 2025

- This award given by Western University recognized and honoured my passion for field-based learning
- These funds supported my participation in an Impact Cratering field course in Arizona, Utah, and Nevada

IDEAS FUND | SEPTEMBER 2024

- The IDEAS fund is awarded to students to support participation in experimental learning
- I used the funds to participate in a Regional Field Geology course in Nova Scotia
